Hey guys,

I have attached a quote for this NVR/DVR System with six 720p HD Cameras. The Device is an All in One NVR/DVR POE Camera system and Switch. So Cameras will be Plugged in Directly to this device rather than to our network switches. Also has a 2TB Internal Storage Hard Drive which will last a long time. We can make the quote smaller or larger by wither adding or removing some cameras. Let me know what you think.

Product is quality and looks great, however it arrived dented. Also, I wish it had the options of casters to easily move it around.
