

KYLE POLICE DEPARTMENT

Memorandum

To: Scott Sellers, City Manager

Cc: James Earp, ACM

From: Jeff Barnett, Chief of Police

Date: May 5, 2017

Ref: ARIC Overview and Amendments to Interlocal Cooperation Agreement

As you recall, we are partners in the Austin Regional Intelligence Center (ARIC) for the purposes of law enforcement information sharing and intelligence sourcing. Two minor amendments are sent to us for approval. The amendments serve the purpose of adding new members to the consortium. I have attached the letter of request from Lt. M. Greer, Director, ARIC, for your review. Below is a summary of information about ARIC.

Austin Regional Intelligence Center

The Austin Regional Intelligence Center (ARIC) is a collaborative effort of 17 Public Safety Agencies in Hays, Travis and Williamson Counties. ARIC partner agencies will work together to provide resources, expertise and/or information to the center. ARIC focuses on regional public safety data analysis.

Mission Statement

To better protect the public by providing a centralized, comprehensive, multi-agency criminal information and intelligence-sharing network to enhance the operational effectiveness and efficiency of the law enforcement and public safety agencies involved and by maximizing the region's ability to detect, prevent, apprehend, and respond to criminal and terrorist activity.

ARIC analyzes information and disseminate actionable intelligence used to address an all-crimes perspective. ARIC serves public safety agencies in Hays, Travis and Williamson Counties. Its initial capability was to consolidate law enforcement data/records for analysis across multiple law enforcement jurisdictions. ARIC exceeds applicable state and federal regulations regarding privacy and may provide actionable intelligence to detect, prevent or interrupt:

- Serial Criminal conduct
- Organized Crime
- Terrorist Activity
