Why are you interested in serving as an Ethics Commission member?

I have a very strong sense of personal honor and integrity and expect no less from others, especially those who operate in any environment requiring a high degree of public trust. After 8 years as a P&Z Commissioner I have a proven record for having thick skin and making decisions that do service to the best interests of this city while protecting the rights of individual citizens. I can and have made hard decisions based on the best available information and I am willing to serve this city again.
