### **MUNICIPAL SERVICES PLAN FOR PROPERTY TO BE ANNEXED TO THE CITY OF KYLE**

**WHEREAS**, the City of Kyle, Texas (the "City") intends to institute annexation proceedings for a tract of land described more fully hereinafter (referred to herein as the "Property");

**WHEREAS**, *Section 43.056, Loc. Gov't. Code*, requires a municipal service plan be adopted with the annexation ordinance;

**WHEREAS**, the Property is not included in the municipal annexation plan and is exempt from the requirements thereof;

**WHEREAS**, infrastructure provided for herein and that are existing are sufficient to service the Property on the same terms and conditions as other similarly situated properties currently within the City limits and no capital improvements by the City are required to offer municipal services on the same terms and conditions as other similarly situated properties within the City;

**WHEREAS**, it is found that all statutory requirements have been satisfied and the City is authorized by *Chapt. 43, Loc. Gov't. Code*, to annex the Property into the City; and

**WHEREAS**, the Property will benefit from the City's development restrictions and zoning requirements, as well as other municipal services provided by the City, which are good and valuable consideration for this service plan

**NOW, THEREFORE**, the City agrees to provide the following municipal services for the Property on the effective date of annexation:

(1) **General Municipal Services.** Pursuant to this Plan, the following municipal services shall be provided immediately from the effective date of the annexation:

Solid waste collection and services as now being offered to the citizens of the City.

D. Animal control as follows:

H. Land use regulation as follows:

On the effective date of annexation, the zoning jurisdiction of the City shall be extended to include the annexed area, and the use of all property therein shall be grandfathered; and shall be temporarily zoned Agricultural District "A" with the intent to rezone the Property upon request of the landowner(s) or city staff. The Planning & Zoning Commission and the City Council will consider rezoning the Property at future times in response to requests submitted by the landowner(s) or requested by city staff.

(2) **Scheduled Municipal Services.** Depending upon the Property owner's plans and schedule for the development of the Property or redevelopment of the Property, the following municipal services will be provided on a schedule and at increasing levels of service as provided in this Plan:

A. Water service and maintenance of water facilities as follows:

(i) Inspection of water distribution lines or wells as provided by statutes of the State of Texas.

(ii) In accordance with the rules and regulations for water service extension, water service will be provided by the utility holding a water certificate of convenience and necessity ("CCN") for the Property, or absent a utility holding a CCN, in whose jurisdiction the Property is located, in accordance with all the ordinances, regulations, and policies of the City in effect from time to time for the extension of water service. If connected to the City's system, the Property owner(s) shall construct the internal water lines and pay the costs of water line extension and necessary facilities to service the Property as required in City ordinances at the time of the request. The Property owner(s) agree the Property in its current state has adequate water service and no capital improvements by the City are required. The Property owner(s) agree as the Property develops and water services are sought from the utility holding the CCN for the Property that the City's ordinances, policies, or agreements between the City and the Property owner(s) shall govern the extension of water services to the Property and the City shall have no obligation to service in another CCN.

B. Wastewater service and maintenance of wastewater service as follows:

(i) Inspection of sewer lines or septic systems as provided by statutes of the State of Texas.

(ii) The Property owner(s) shall construct the internal and off-site sewer lines and facilities (the "Sewer System") and pay the costs of line extension and facilities as required in City ordinances. Upon acceptance of the Sewer System, sewer service will be provided by the City utility department on the same terms, conditions and requirements as are applied to all similarly situated areas and customers of the City, subject to all the ordinances, regulations and policies of the City in effect from time to time. The Sewer System will be accepted and maintained by the City in accordance with its usual policies. Requests for new sewer extensions will be installed and extended upon request under the same costs and terms as with other similarly situated customers of the City. The City ordinances, policies, and agreements between the City and the Property owner(s) in effect at the time a request for additional service is submitted shall govern the costs and request for service.

C. Maintenance of public streets and rights-of-way as appropriate as follows:

(i) Provide maintenance services on public streets within the Property that are dedicated and finally accepted by the City. The maintenance of such public streets and roads will be limited as follows:

(A) Emergency maintenance of streets, repair of hazardous potholes, measures necessary for traffic flow, etc.;

(B) Routine maintenance as presently performed by the City;  
and

(C) The Property owner(s) have specifically agreed that maintenance services will be of little benefit and will not be required or needed on the Property, prior to the Property owner(s), its grantees, successors and assigns completing the construction and dedication of streets to the City in compliance with City subdivision regulations.

(ii) Following installation of the roadways, including any required traffic signals, traffic signs, street markings, other traffic control devices and street lighting, the City will maintain the public streets, roadways and rights-of-way within the boundaries of the Property if dedicated and accepted, as follows:

(A) As provided in C (i)(A)&(B) above;

(B) Reconstruction and resurfacing of streets, installation of drainage facilities, construction of curbs, gutters and other such major improvements as the need therefore is determined by the governing body under City policies;

(C) Installation and maintenance of traffic signals, traffic signs, street markings and other traffic control devices as the need therefore is established by appropriate study and traffic standards; and

(D) Installation and maintenance of street lighting in accordance with established policies of the City;

(iii) The outer boundaries of the Property abut existing roadways. The Property owner(s) agree that no City improvements are required on such roadways to service the Property. If the owner(s) develop the Property so as to impact abutting roadways pursuant to the City's subdivision regulation, the owner(s) agree to comply with such ordinances.

(3) **Special Services and Actions.** Although the City reserves all its governmental authority, powers and discretion, if the City shall unreasonably refuse to grant the permits and approvals above provided in (2)(A), (B) & (C), then in that event the owner(s) may request and obtain disannexation of the Property pursuant to this service plan; provided that if the City shall, in the exercise of its discretion and authority, approve the permits and events set forth in (2)(A), (B) & (C) above, the Property shall be and remain within the corporate limits of the City.

(4) **Capital Improvements.** Construction of the following capital improvements shall be initiated after the effective date of the annexation: None. Upon development of the Property or redevelopment, the landowner(s) will be responsible for the development costs the same as a developer or landowner in a similarly situated area under the ordinances in effect at the time of development or redevelopment. No additional capital improvements are necessary at this time to service the Property. The Property owner(s) for itself, its grantees, successors, and assigns agree that no capital improvements are required to service the Property the same as similarly situated properties already within the City.

(5) **Term.** If not previously expired, this service plan expires at the end of ten (10) years.

(6) **Property Description.** The legal description and map of the Property are as set forth in Exhibits "A" and "B" that are attached to the Ordinance to which this negotiated municipal service plan is attached as Exhibit "C".
