GENERAL NOTES:

1. Setbacks not shown hereon shall conform to the City of Kyle Zoning Ordinance.
2. Prior to construction of any improvements on lots in this subdivision, site development permits and building permits will be obtained from the City of Kyle.
3. No objects, including signage, buildings, accessory buildings, fencing or landscaping which would interfere with conveyance of storm water shall be placed or erected within any drainage easements without the prior approval of the City of Kyle.
4. Each property owner of a lot on which drainage easement(s) are platted shall be responsible for keeping grass and weeds neatly cut and easement area free of debris and tree/brush regrowth.
5. Owner(s) of property with drainage and utility easement(s) shall allow access for inspection, repair, maintenance and reconstruction as may be necessary.
6. A fifteen (15) foot PUE is hereby dedicated adjacent to all street R.O.W., a five (5) foot PUE is hereby dedicated along each side lot line and a ten (10) foot PUE is hereby dedicated adjacent to all rear lot lines on all lots.
7. Typical landscape maintenance, cutting and trimming, within the subdivision, all easements, detention ponds and rights of way to the pavement to be the responsibility of property owners and/or property owners associations.
8. Sidewalks, pedestrian crossings and other public amenities to be dedicated to the City of Kyle shall meet or exceed all 2010 ADA Standards of Accessibility Design and all current federal and state laws regarding access for people with disabilities to Title II entities.
9. Sidewalks shall be installed on the subdivision side of Kohlers Crossing and Kyle Crossing. Those sidewalks not abutting a residential, commercial or industrial lot shall be installed when the adjoining street is constructed. Where there are double frontage lots, sidewalks on the street to which access is prohibited are also required to be installed when the streets in the subdivision are constructed.
10. Property lies within the Bunton Branch-Plum Creek Watershed.
11. Post-construction stormwater control measures shall have a maintenance plan. The maintenance plan must be filed in the real property records of the county in which the property is located. The owner or operator of any new development or redeveloped site shall develop and implement a maintenance plan addressing maintenance requirements for any structural control measures installed on site. Operation and maintenance performed shall be documented and retained on site, such as at the office of the owner or operator, and made available for review by the city.
12. The property owner(s) and/or the property owner's association are solely responsible for any and all maintenance and/or repairs to all drainage easements and detention/retention ponds within the property.
